Vinay Naik

Computer Science Engineer

A fresher excited kickstart my career in a challenging and dynamic environment, where I can contribute my skills and grow alongside a talented team.

Skills

- Python
- Java
- C , C++
- SQL
- HTML
- CSS
- Spreadsheet

Languages Known

- English
- Kannada
- Hindi

Soft Skill

- Observation
- Team work
- Decision making
- problem solving
- Communication
- Multi-tasking

Education Background

Bachelor of Engineering
Anjuman Institute of Technologies & Management, Bhatkal
07/2019 - 05/2023
Computer Science & Engineering
- **CGPA 8.3/10**

Pre University
The New English Pre University College, Bhatkal
07/2017 - 06/2019
PCMCs
- **Percentage 86.6%**

Internship

Machine Learning with Python
Varcons Technologies Pvt Ltd, Bangalore
08/2022 - 09/2022
Project
- **Stockport Predictive - Twitter Sentiment Analysis using Machine Learning**

Personal Projects

- **Artificial Intelligence based object detection system using yolo**

We Developed an advanced object detection system utilizing the YOLO algorithm, powered by Artificial Intelligence. Leveraged computer vision techniques to create a highly accurate and real-time object detection solution. Utilized deep learning frameworks and libraries to preprocess data, train the model, and optimize its performance. Achieved exceptional results, demonstrating the system's ability to detect and classify objects in various environments with high precision and speed.

- **Stockport Predictive - Twitter Sentiment Analysis using Machine Learning**

Developed 'Stockport Predictive,' a sentiment analysis tool employing machine learning on Twitter data. Analyzed user sentiments to predict stock market trends, enhancing decision-making. Leveraged natural language processing and data visualization for actionable insights.

- **Hotel Management System**

The project, Hotel Management System is a web based application that allows the hotel manager to handle all Hotel activities online.

Certificates

- **Cisco Networking Academy's Python Essentials 1**
  Developed practical skills in coding, problem-solving, and automation.

- **Coding Ninjas / studio's Basics of java**
  Gained key concepts such as object-oriented programming, data structures, and algorithms.

- **Google / Data Analytics Professional Certificate**
  Completed extensive six month job-ready Google Career Certificate training. Demonstrated hands-on experience with data cleaning, data visualization, project management, interpreting, communicating data analytics findings and fluency in computer programing language.

- **Certification of Machine Learning with Python**
  Internship - Varcons Technologies Pvt Ltd Bangalore
